Quish from Waterstones today! Click and Collect from your local Waterstones or get FREE UK delivery on orders over £20. By 1932 approximately 320,000 pounds of butter was manufactured each year. By the mid-1960s that figure soared to 1.5 million pounds of butter annually. In 1971 the Rushford Creamery was sold to AMPI. The Rochester-based company operated the creamery as a dumping station for several years before closing the operation in the mid-1970s. To answer that, let us first go back to its journey more than a hundred years ago. History of Yorkshire Wensleydale and the Wensleydale Creamery It is said that the Yorkshire Wensleydale cheese precedes the founding of the Wensleydale Creamery.
