

# Download Habeas Data Privacy Vs The Rise Of Surveillance Tech

His second book, *Habeas Data*, about the legal cases over the last 50 years that have had an outsized impact on surveillance and privacy law in America, was published May 8, 2018 from Melville House. A book about what the Cambridge Analytica scandal shows: That surveillance and data privacy is every citizen's concern. An important look at how 50 years of American privacy law is inadequate for today's surveillance technology, from acclaimed *Ars Technica* senior business editor Cyrus Farivar. In 10 crucial legal cases, *Habeas Data* explores the tools of surveillance that exist today, how they work, and what the implications are for the future of privacy. Cyrus [suh-ROOS] is a Senior Tech Policy Reporter at *Ars Technica*, and is also an author and radio producer. In 10 crucial legal cases, *Habeas Data* explores the tools of surveillance that exist today, how they work, and what the implications are for the future of privacy.
