About Hydropool Hot Tubs Inc. Headquartered in Mississauga, Canada, Hydropool Hot Tubs Inc. originated in 1970 as a commercial swimming pool company and in 1978 became one of the first hot tub retailers in North America. They allow air into the system like a siphon. In some you can turn them and the power decreases. Others are like vents. Put your hand over it with the tub running. If you hear or feel suction it is an intake. If they have a screen over then they can still become clogged over time.. The hoses could be the source only if leaves can get into them. I will be glad to answer any other questions. Looking for discount spa covers & Hot tub covers?
