

Download Patco Train Operator Manual

The PATCO Speedline (also known colloquially as the PATCO High Speed Line, Lindenwold High Speed Line, or simply PATCO) is a rapid transit system operated by the Port Authority Transit Corporation, which runs between Philadelphia, Pennsylvania, and Camden County, New Jersey. The Speedline runs underground in Philadelphia, crosses the Delaware River on the Benjamin Franklin Bridge, runs ...Automatic train operation (ATO) is an operational safety enhancement device used to help automate operations of trains. Mainly, it is used on automated guideway transits and rapid transit systems which are easier to ensure safety of humans. Most systems elect to maintain a driver (train operator) to mitigate risks associated with failures or emergencies. Train Test Equipment. TestWise ® provides complete maintenance support for the full suite of Quester Tangent on-train products. Our portable and bench test equipment is easy to use with minimal training and is designed for rapid troubleshooting and reduced maintenance turnaround times.
