Andrews: Class: Online: Access to a computer and the internet are required for this course. The lab requirement for this course must be taken on campus. This database is for planning purposes only and may pull equivalency information that is not current. Final evaluation and approval of transfer credits will be done in the Registrar's Office for current or past PSU students and the Admissions Office for incoming PSU students. Economics (/ ? k ? ? n ? m ? k s, i ? k ? -/) is the social science that studies the production, distribution, and consumption of goods and services.. Economics focuses on the behaviour and interactions of economic agents and how economies work. Microeconomics analyzes basic elements in the economy, including individual agents and markets, their interactions, and the outcomes of interactions.
