Crucial to any curriculum is its content. For purposes of this evaluation, an analysis of the content should address whether the content meets the current and long-term needs of the students. What constitutes the long-term needs of the students is a value judgment based on what one sees as the ... Foundations of geometry is the study of geometries as axiomatic systems. There are several sets of axioms which give rise to Euclidean geometry or to non-Euclidean geometries. These are fundamental to the study and of historical importance, but there are a great many modern geometries that are not Euclidean which can be studied from this viewpoint.
