PICK YOUR TRADE ( PRACTICE EXAM CD ) The Hawaii contractor practice exams teach you the rules, codes, and regulations you need to know in order to pass your trade's state exam. This microbiologist was first to isolate the bacteria that caused the epidemic in London. While studying similar outbreaks along the Elbe river in Germany, he found that the city of Altona filtered their water before drinking and had a much lower morbidity rate than other cities on the river. What is being tested? A variety of parasites can cause infections of the digestive system (gastrointestinal (GI) infections). An ova and parasite (O&P) exam is a microscopic evaluation of a stool sample that is used to look for parasites that may infect the lower digestive tract, causing symptoms such as diarrhea.
